“Good morning. Today's topic, “Test-taking Skills” is a broad topic. Why do you think testing is important? (Answer: Testing is important because it provides scores that will show your teacher how to help you to do better in school.) Students are encouraged to do their very best on any test they take.”

“Prepare for all tests in a very organized way. Know what to do BEFORE the test, DURING the test, and AFTER the test. (Distribute Worksheet 1 – “Before the test, During the test, After the test.” Please read the tips aloud and allow discussion.)

“How many of you are good at following directions? The activity that I am passing out is a simple exercise on following directions.” (Activity 1 – “Follow Directions”) “As soon as you get your paper, you may begin. Be sure to read your directions. You will have five minutes to complete this activity.”

At the end of the five minutes, tell the students to, stop. “I observed you while you were doing this exercise. Refer back to Worksheet 1. Look at the section – During the Test.” (Call upon someone to read #1 aloud. Mentor will stress the word ALL in the statement. Stress the importance of following directions. Ask group members the following questions and have them respond. “What did you learn about following directions? How will this help you the next time you take a test? (Explain to the students what would happen if you did not follow directions on your job?)

Closing the mentor session:

“Our time is almost up. Who would like to summarize our session today? Are there any questions before we go? I have really enjoyed meeting each of you. Thank you for allowing me to spend time with you today and I look forward to our next meeting.”

“I should see you again on _____ . Have a good day and a good week.”

Activity 6: Stress Relief

Puzzled

Wake up your brain! Nothing is as distracting (in a good way) as trying to solve a complex and word or number problem. You can buy a book of them, or find them in newspapers and magazines. Keep a thousand-piece jigsaw puzzle around as an ongoing relaxation project. Puzzles of all kinds are absorbing, distracting, relaxing, and entertaining.

Activity 7: Virginia Facts

There were 8 US presidents born in Virginia. Those presidents were George Washington, Thomas Jefferson, James Madison, James Monroe, William Harrison, John Tyler, Zachary Taylor, and Woodrow Wilson.
