

Session 3 – Career Exploration: Mapping your Future

Activity 1 – Exploring Jobs in a Middle School

Divide the students into groups of 3. Give the students 5 minutes to write down as many paid job positions found in a middle school as they can. The group that comes up with the most names wins. Go over the different positions with the students. Explore the differences in the qualifications needed for each position. Discuss how many different positions may exist at a shopping mall or Fortune 500 company.

Session 3 – Career Exploration: Mapping your Future

Activity 2 – Exploring Middle School Subjects

Allow the students to maintain their groups. Challenge the students to list as many subjects as they can that are taught at Chandler Middle School. Give them 5 minutes. Have the students share their lists with the class.

Session 3 – Career Exploration: Mapping your Future

Activity 3 – Mapping Your Future

Everyone’s career exploration map or route looks a little different. However there are some events that must precede others. Put these events/actions in the proper chronological order. You can skip some events. You can add events using the lines marked other. Please describe the event that you add.

- _____ Graduate from high school
- _____ Take the SAT test
